Hi Emily,

My schedule is really flexible this afternoon. I've submitted a supplemental label for MN on 12/28. However, I did not include the section three so my questions are about that. I think it might be good to have a quick conversation ahead of your meeting with Minnesota so that we can have everything in place for you to move forward should you agree with your approach. You can reach me on my cell at [REDACTED] PII [REDACTED].

Hi Amy,

I hope your holidays were nice and you got to enjoy some time off!

Thank you for reaching out, and for letting me know about my voicemail. We got new phone numbers for when we move downtown and I thought I had activated it but I'll have to check into that.

Minnesota has asked to meet with us about dicamba, which I suspect is the same topic you are bringing up. I'll be meeting with them on the 18th so it may be best if we set up a time after that when I'll know more about how management wants to move forward. Would that work for you? If not, I am about to go into a long meeting, but should be able to give you a call this afternoon.

Best regards,
Emily

Subject: Quick Chat

Hi Emily,

I hope all is well and you have a great 2022 so far! I wanted to have quick chat on the MN label for Tavium Plus VaporGrip Technology (100-1623). I tried to leave a voice message but your voicemail isn't activated. Could you call me at [REDACTED] PII [REDACTED]. I don't think the question will take more than 5 minutes. If you don't have time today, could you please let me know when would be convenient for you. Thanks in advance for your time.

Best Regards,
